Section 947. The adverse party may except to the sufficiency of the sureties to any of the undertakings mentioned in sections nine hundred and forty-one, nine hundred and forty-two, nine hundred and forty-three, and nine hundred and forty-five, at any time within thirty days after notice of the filing of such undertaking; and unless they or other sureties, within twenty days after the appellant has been served with notice of such exception, justify before a judge of the court below, or county clerk, upon five days' notice to the respondent of the time and place of justification, execution of the judgment, order, or decree appealed from is no longer stayed; and, if the undertaking is of the class mentioned in section nine hundred and forty-one, the appeal must be dismissed. In all cases where an undertaking is required on appeal by the provisions of this title, a deposit in the court below of the amount of the judgment appealed from, including an amount to be fixed by the court sufficient to cover interest thereon pending the appeal, and three hundred dollars in addition, is equivalent to filing the undertaking, and in all cases the undertaking or deposit may be waived by the written consent of the respondent.

Section 948. In cases not provided for in sections nine hundred and forty-two, nine hundred and forty-three, nine hundred and forty-four, and nine hundred and forty-five, the perfecting of an appeal by giving the undertaking or making the deposit mentioned in section nine hundred and forty-one, stays proceedings in the court below upon the judgment or order appealed from, except where it directs the sale of perishable property; in which case the court below may order the property to be sold and the proceeds thereof to be deposited, to abide the judgment of the appellate court. And except also, where it adjudges the defendant guilty of usurping, or intruding into, or unlawfully holding public office, civil or military, within this state. And except also, where the order grants, or refuses to grant, a change of the place of trial of an action.

Section 949. On an appeal from a final judgment, the appellant must furnish the court with a copy of the notice of appeal, of the judgment roll, and of any bill of exceptions upon which the appellant relies. Any statement, settled after the decision of a motion for a new trial, when the motion is made upon the minutes of the court, as provided in section six hundred and sixty-one, or any bill of exceptions settled, as provided in sections six hundred and forty-nine or six hundred and fifty, or used on motion for a new trial, may be used on appeal from a final judgment equally as upon appeal from the order granting or refusing the new trial.

Section 950. On appeal from a judgment rendered on an appeal, or from an order, except an order granting or refusing a new trial, the appellant must furnish the court with a copy of the notice of appeal, of the judgment or order appealed from, and of papers used on the hearing in the court below.

Section 951. On appeal from an order granting or refusing a new trial, the appellant must furnish the court with a copy of the notice of appeal, of the notice of intention to move for a new trial, of the order appealed from, and of the papers designated in section six hundred and sixty-one.

Section 952. The copies provided for in the last three sections must be certified to be correct by the clerk or the attorneys, and must be accompanied with a certificate of the clerk or attorneys that an undertaking on appeal, in due form, has been properly filed, or a stipulation of the parties waiving an undertaking.

Section 953. If the appellant fails to furnish the requisite papers, the appeal may be dismissed; but no appeal can be dismissed for insufficiency of the undertaking thereon, if a good and sufficient undertaking, approved by a justice of the supreme court be filed in the supreme court before the hearing upon motion to dismiss the appeal. When it is made to appear to the satisfaction of the court, or a judge thereof, from which the appeal was taken, that a surety or sureties upon an appeal bond from any cause has or have become insufficient, and the bond or undertaking inadequate as security for the payment of the judgment appealed from, the last-named court, or a judge thereof, may order the giving of a new bond with sufficient sureties, as a condition to the maintenance of the appeal. The said bond or undertaking must be approved by the last-named court, or a judge thereof; and in case said sureties fail to justify before said last-named court, or a judge thereof, or fail to comply with the order to appear and justify, execution may issue upon the judgment as if no undertaking to stay execution had been given.

Section 954. The dismissal of an appeal is in effect an affirmation of the judgment or order appealed from, unless the dismissal is expressly made without prejudice to another appeal.

Section 955. Upon an appeal from a judgment, the court may review the verdict or decision, and any intermediate order or decision excepted to, which involves the merits, or necessarily affects the judgment, except a decision or order from which an appeal might have been taken. When a judgment is reversed for error in refusing to grant a nonsuit or in refusing to direct a verdict, the appellate court may, in its discretion, direct the court below, without a new trial, to enter judgment of nonsuit or to enter judgment in favor of the party for whom a verdict should have been directed.

Section 956. When the judgment or order is reversed or modified, the appellate court may make complete restitution of all property and rights lost by the erroneous judgment or order, so far as such restitution is consistent with protection of a purchaser of property at a sale ordered by the judgment, or had under process issued upon the judgment, on the appeal from which the proceedings were not stayed; and for relief in such cases the appellant may have his action against the respondent, enforcing the judgment for the proceeds of the sale of the property, after deducting therefrom the expenses of the sale. When it appears to the appellate court that the appeal was made for delay, it may add to the costs such damages as may be just.

Section 957. When judgment is rendered upon the appeal, it must be certified by the clerk of the supreme court to the clerk with whom the judgment roll is filed or the order appealed from is entered. A copy of the opinion of the supreme court must be attached to the certificate. In cases of appeal from the judgment, the clerk with whom the roll is filed must attach the certificate to the judgment roll, and enter a minute of the judgment of the supreme court on the docket against the original entry. In cases of appeal from an order, the clerk must enter at length in the records of the court the certificate received, and minute against the entry of the order appealed from, a reference to the certificate, with a brief statement that such order has been affirmed, reversed, or modified by the supreme court on appeal.

CHAPTER III.

APPEALS TO THE SUPERIOR COURT.

Sec. 974. Appeal from judgment of justice's or police court.

Sec. 975. Transmission of papers to appellate court.

Sec. 976. Undertaking on appeal to the superior court.

Sec. 977. Stay of proceedings on filing undertaking.

Sec. 978. Powers of superior court on appeal.

974. Any party dissatisfied with a judgment rendered in a civil action in a police or justice's court, may appeal therefrom to the superior court of the county, at any time within thirty days after the notice of entry of the judgment. The appeal is taken by

filing a notice of appeal with the justice or judge, and serving a copy on the adverse party. The notice must state whether the appeal is taken from the whole or a part of the judgment, and if from a part, what part.

Section 975. Upon receiving the notice of appeal, and on payment of the fees of the justice or judge, payable on appeal and not included in the judgment, and filing an undertaking as required in the next section, the justice or judge must, within five days, transmit to the clerk of the superior court a certified copy of his docket, the pleadings, all notices, motions, and all other papers filed in the cause, the notice of appeal, and the undertaking filed; and the justice or judge may be compelled by the superior court, by an order entered upon motion, to transmit such papers, and may be fined for neglect or refusal to transmit the same. A certified copy of such order may be served on the justice or judge by the party or his attorney.

Section 976. An appeal from a justice's or police court where no stay of proceedings is claimed is not effectual for any purpose, unless an undertaking is filed with two or more sureties in the sum of one hundred dollars, for the payment of the costs on the appeal; or, if a stay of proceedings is claimed, in a sum equal to twice the amount of the judgment, including costs, when the judgment is for the payment of money; or twice the value of the property, including costs, when the judgment is for the recovery of specific personal property, and must be conditioned, when the action is for the recovery of money, that the appellant will pay the amount of the judgment appealed from, and all costs, if the appeal is withdrawn or dismissed, or the amount of any judgment and all costs that may be recovered against him in the action in the superior court. When the action is for the recovery of, or to enforce or foreclose a lien on, specific personal property, the undertaking must be conditioned that the appellant will pay the judgment and costs appealed from, and obey the order of the court made therein, if the appeal is withdrawn or dismissed, or any judgment and costs that may be recovered against him in said action in the superior court, and will obey any order made by the court therein. When the judgment appealed from directs the delivery of possession of real property, the execution of the same cannot be stayed unless a written undertaking is executed on the part of the appellant, with two or more sureties, to the effect that during the possession of such property by the appellant, he will not commit, or suffer to be committed, any waste thereon, and that if the appeal is dismissed or withdrawn or the judgment affirmed, or judgment be recovered against him in the action in the superior court, he will pay the value of the use and occupation of the property from the time of the appeal until the delivery of possession thereof, or that he will pay any judgment and costs that may be recovered against him in said action in the superior court, not exceeding a sum to be fixed by the justice of the court from which the appeal is taken, and which sum must be specified in the undertaking. A deposit of the amount of the judgment, including all costs, appealed from or of the value of the property, including all costs, in actions for the recovery of specific personal property, with the justice or judge, is equivalent to the filing of the undertaking, and in such cases the justice or judge must transmit the money to the clerk of the superior court, to be by him paid out on the order of the court. The adverse party may except to the sufficiency of the sureties within five days after the filing of the undertaking, and unless they or other sureties justify before the justice or judge within five days thereafter, upon notice to the adverse party, to the amounts stated in their affidavits, the appeal must be regarded as if no such undertaking had been given.

Section 977. If an execution be issued on the filing of the undertaking staying proceedings, the justice or judge must, by order, direct the officer to stay all proceedings on the same. Such officer must, upon payment of his fees for services rendered on the execution, thereupon relinquish all property levied upon, and deliver the same to the judgment debtor, together with all moneys collected from sales or otherwise. If his fees be not paid, the officer may retain so much of the property or proceeds thereof as may be necessary to pay the same.

Section 978. In all cases the action must be tried anew in the superior court, and the trial must be conducted in all respects as other trials in such courts, and all the provisions of this code as to amendments to pleadings are applicable therein. If the judgment on the appeal is more favorable to the appellant than that from which he appealed, he is entitled to recover all costs incurred by him after filing his notice of appeal, and is not liable for any costs incurred by the respondent after that time; and if such judgment is less favorable to him than that from which he appealed, he is entitled to recover no costs incurred after filing his notice of appeal, and is liable for any costs incurred by the respondent after that time. For a failure to prosecute an appeal, or unnecessary delay in bringing it to a hearing, the superior court, after notice, may order the appeal to be dismissed, with costs; and if it appears to such court that the appeal was taken solely for delay, it may add to the costs such damages as may be just, not exceeding twenty-five per cent of the judgment appealed from. Judgments rendered in the superior court on appeal have the same force and effect, and may be enforced in the same manner, as judgments in actions commenced in the superior court.

Section 977. If an execution be issued on the filing of the undertaking staying proceedings, the justice or judge must, by order, direct the officer to stay all proceedings on the same. Such officer must, upon payment of his fees for services rendered on the execution, thereupon relinquish all property levied upon, and deliver the same to the

judgment debtor, together with all moneys collected from sales or otherwise. If his fees be not paid, the officer may retain so much of the property or proceeds thereof as may be necessary to pay the same.

Section 978. In all cases the action must be tried anew in the superior court, and the trial must be conducted in all respects as other trials in such courts, and all the provisions of this code as to amendments to pleadings are applicable therein. If the judgment on the appeal is more favorable to the appellant than that from which he appealed, he is entitled to recover all costs incurred by him after filing his notice of appeal, and is not liable for any costs incurred by the respondent after that time; and if such judgment is less favorable to him than that from which he appealed, he is entitled to recover no costs incurred after filing his notice of appeal, and is liable for any costs incurred by the respondent after that time. For a failure to prosecute an appeal, or unnecessary delay in bringing it to a hearing, the superior court, after notice, may order the appeal to be dismissed, with costs; and if it appears to such court that the appeal was taken solely for delay, it may add to the costs such damages as may be just, not exceeding twenty-five per cent of the judgment appealed from. Judgments rendered in the superior court on appeal have the same force and effect, and may be enforced in the same manner as judgments in actions commenced in the superior court.

SAN FRANCISCO, CALIFORNIA, February 7, 1903.

To the HON. A. ANDERSON, Lieutenant-Governor:

DEAR SIR: At a meeting of the Federation of Mission Improvement Clubs, held on the above date, the following resolution was unanimously adopted:

Resolved, That the Federation of Mission Improvement Clubs deems that an increase in the number of Superior Judges for the City and County of San Francisco is unnecessary, we are therefore firmly opposed to the passage of an Act to increase the number of Superior Courts as proposed by the McMartin bill.

We are aware that the twelve judges do not find business so pressing that assistance is required, but on the contrary, we know that some of the twelve courts are not kept in operation full time.

We would therefore urge the members of the Legislature to vote against the creation of any additional courts, at the present time, for San Francisco.

Respectfully,

FEDERATION OF MISSION IMPROVEMENT CLUBS.

WM. E. DUBOIS, Secretary.

We, the undersigned members of Summersville Union No. 37, Western Federation of Miners, respectfully petition the honorable body, the Legislature of the State of California, and urgently request the passage of Senate Bills Nos. 304, 314, and 214, said bills having been framed for the relief and benefit of the miner in this State.

(Signed :) Geo. H. Scott, C. A. Boyle, John N. Dunstone, H. Bennets, Josiah Williams, George Johnson, F. M. Cook, Samuel Lean, W. R. Kingsolner, W. B. Hunt, P. G. Moro, George McCabe, and 216 others.

By Senator Wolfe:

A PROTEST AGAINST THE PASSAGE OF SENATE BILL NO. 354.

SAN FRANCISCO, CAL., February 16, 1903.

To the Honorable Senate and Assembly of the State of California:

GENTLEMEN: On behalf of the many manufacturers who are members of this association, we strongly protest against the passage of Senate Bill No. 354, requiring every article made or manufactured in this State to be stamped with the name and address of the manufacturer.

We feel that upon consideration you will recognize that to require every article made in the State to be so stamped, while goods made outside of the State can be sold here without being so stamped, is a direct discrimination against home manufacturers. While it should be the duty of every one to encourage manufacturing here and the consumption of home products in preference to those made abroad, to require every article made in the State to be stamped entails a heavy additional expense on the California manufacturer, which the manufacturer in other States is not obliged to assume. It

follows, therefore, that California goods can not compete on equal terms with goods from other States, and that the enactment of any law resulting in this will be detrimental to the interests of the State.

We therefore urge that Senate Bill No. 354 be not passed.

Respectfully,

THE MERCHANTS' ASSOCIATION OF SAN FRANCISCO.

FRANK J. SYMMES, President.

L. M. KING, Secretary.

By Senator Shortridge:

PETITION FOR A SUNDAY LAW.

To the Honorable the Senate and the Assembly of the State of California :

We, the undersigned, in view of the innumerable moral and social evils resulting from the present degradation of Sunday into a day of idleness and dissipation, do earnestly and respectfully petition your honorable body to enact a Sunday law that will give to all classes of men a weekly day of rest, by prohibiting, with adequate penalties, all unnecessary labor and business, Seventh Day worshippers excepted, and all barbarous, unseemly, or noisy amusements.

The above was indorsed by vote by a meeting of W. C. T. U. at Gilroy, and Sunday-school at Rucker, and the undersigned were authorized to so attest:

(Signed :) Mrs. A. E. Clark, presiding; W. M. Kroesen, W. E. McIntyre, H. C. Hagen, W. O. Goold, T. H. Organ, I. Hunter, Mrs. Bertha M. Kroesen, Mrs. Jennie McIntyre, Mrs. Iola Miller, Mrs. Frances Goold, and forty others.

REPORT OF SPECIAL COMMITTEE.

The following report of special committee appointed to visit the State prisons at San Quentin and Folsom was received, and ordered printed in the Journal:

SENATE CHAMBER, SACRAMENTO, February 18, 1903.

MR. PRESIDENT: Your committee appointed to visit the State prisons at San Quentin and Folsom, under resolution of the Senate adopted February 4, 1903, respectfully report as follows:

The committee visited San Quentin on Sunday, the 8th inst., and inspected the institution in a careful manner, going through every department, and found everything in first-class condition, as far as could be observed, from a mechanical standpoint. The institution was thoroughly clean, the prisoners being supplied with sufficient clothing and bedding, the food good, and the discipline very good; all of the officers working in harmony for the best interests of the State. A careful investigation into the opium and morphine evil, the great bane of penal institutions, convinced us that very little, if any, of either of these drugs find their way into this prison. The committee had learned in a general way that the strait-jacket and tricing-up process had been used here with frequency, resulting in permanent injury to the unfortunates placed therein, but having nothing definite or specific upon which to base an investigation, no action was taken upon this matter.

Folsom State Prison.

The committee visited this place on the 11th inst., and also carefully inspected the entire prison. From a mechanical and sanitary standpoint, everything was found to be in first-class condition, the prison clean throughout, though in the sleeping quarters very cold, occasioned by the water used upon the cement floors, which does not dry at this time of the year.

Senator George Williams, a member of the committee, having in his possession considerable data regarding the use of the strait-jacket at this institution, which, if true, would reveal a horrible condition of affairs, your committee decided to investigate the same; and for that purpose went into executive session at 8 p. m., and remained in such session continuously until 3:15 a. m.

During this time over twenty-eight prisoners were examined, also the guards, Captain of Guards, General Overseer, and Warden. The facts gleaned from this investigation were horrible indeed, as, resulting from the use of the strait-jacket, some of the prisoners being maimed for life, and unable to follow the pursuit of even manual labor, much less skilled labor. In order that some idea may be had of this instrument of torture, it is thus described: The strait-jacket is made of very heavy, closely-woven material, similar to the heaviest tarpaulin or sail-cloth. It is made in one piece, open at the back for the entire length. It fits closely at the neck, which is bound with leather, as are the edges along the opening in the back. Over each of these edges is doubled for the entire length a heavy piece of leather, extending back on outer and inner sides for about four or five inches, in which are set heavy eyelets, about one inch apart, for the purpose of lacing the instrument on the body. For this purpose a stout, closely-woven half-inch cord is used. There are no openings for the arms.

The jacket is placed on the victim over his clothing. He is then laid face downward upon the floor, and the lacing is done by men kneeling upon the prisoner and pulling the cord as tight as it possibly can be done. When laced, the poor victim is utterly unable to move either hand or foot. In this condition he is carried into a cell, laid upon the floor, and the cell door is closed and locked. If the prisoner to be subjected to this torture happened to be a small man, blankets would be placed inside the strait-jacket so that the hellish machine might be laced more tightly. At Folsom, a smaller strait-jacket was made by Warden Wilkinson, so that the punishment might be made more severe.

The men who did the lacing each weighed over 200 pounds, and when they could not pull the cord tight enough to suit them, they would take a stick about two feet long, and, using it as a "Spanish windlass," would tighten the strait-jacket to the highest degree possible by this hellish means. While lacing a prisoner, the brutal tools of Warden Wilkinson would watch the prisoner, and when he would exhale his breath, they would tighten the jacket so as to catch the lungs and abdomen when depleted of air. After lacing them in this manner, the prisoner, while lying in the strait-jacket, would be forced to take drastic doses of salts, their mouths being pried open and their noses held closed while the powerful dose of purgative would be poured down their throats, as high as four doses of salts being given to the same man while the strait-jacket continuously remained laced as above stated.

The recital of the condition of these men, after lying in the strait-jacket under such treatment, can not be told in public print; bathed from head to foot in their own excrement; scorched and blistered by their urine, and for every moment of the time suffering every pain and torture which the human frame can know, relieved only by spells of unconsciousness, finally to be released, maimed and crippled for life, and in one instance at least, to suffer death within twenty-four hours after being taken from the strait-jacket, dying in a cell alone where even a drink of water was denied him.

Your committee does not deem it necessary to go into further details regarding the strait-jacket or its use beyond stating that the guards who did this work were brutal in the extreme, and that their actions at all times were known to the Warden, who alone has the authority to order this punishment and keep men confined, bound like a bale of cotton, for over fifty hours at a time. The Warden, in his testimony before the committee, admitted that sometimes the prisoners were too severely dealt with; but laughed it off by saying that at times the prisoner would get saucy to the guards, who in turn would become angry and take it out on their unfortunate victim, using unnecessary force and brutality in so doing.

We condemn the use of the strait-jacket as an unnatural, barbarous, degrading, inhuman, and un-American mode of punishment, and recommend that it be forever abolished from our penal institutions.

The tricing-up process, which consists of placing handcuffs upon the prisoner, with his hands behind him, and connecting the cuffs with a chain suspended from a ring in the wall above his head, holding the man's hands high up and compelling him to bend forward in a stooping posture, is also a cruel mode of punishment; and we recommend that this practice be also abolished, as it works irreparable injury upon the kidneys, and causes the victim to faint after undergoing the punishment for two hours, when he is revived and hung up again. This mode of punishment is still in use at the prison.

Many complaints were made about the food and the manner in which it is cooked, and upon investigation by members of the committee were found to be true. An improvement in this respect is urgently needed, and it should be remedied at once. We also found that a system of petty thieving exists among the cooks and waiters, who hold out meat and other articles of food and sell it to the prisoners, when it should be placed upon the table. This is known to the Warden, who seems powerless to stop it, and it continues to this time.

For some reason which this committee will not attempt to explain, there exists a lack of harmony between the Warden and his officers, and they are not taken into his confidence; and few of them, if any, are ever consulted by him. This, we believe to be detrimental to the best interests of the institution and largely responsible for the great quantity of opium in use by the convicts, which can be had at all times if one has the money to pay for it.

We also find that the blankets in use are old and worn, and many of the prisoners are compelled to go to bed with their clothes on in order to have sufficient warmth for their bodies. This is also known to the Warden, but the unfortunates are permitted to suffer, just the same.

We also find that the prison record book of punishments, in which every punishment should be entered, does not contain a true record of punishments by any means, many instances of tricing-up, strait-jacket, and one of a prisoner being seven months in a dungeon and released but a few days prior to our visit to the prison, never having been recorded at all. The General Overseer, whose duty it is to make these entries, was asked why he had not done so, and he replied: "Because they were never reported to him by the Warden, who ignored him completely." Under these conditions, the discipline is necessarily bad, and should not be permitted to continue in this manner, which, in our opinion, militates against the best management and interests of the prison.

The strait-jacket was abolished by the Board of Directors over a year ago. After they had investigated the cruel and inhuman use to which it was put, they at once ordered it stopped.

We believe some sort of punishment should be meted out to refractory prisoners, but it should be humane in its application or use, and no person should be permitted to exercise arbitrary power over another in the way of corporal punishment in prison; for oftentimes incompetence, anger, or indifference works a horrible suffering upon an unfortunate unable to help himself.

We recommend that a special committee be appointed to further examine into the management and conduct of the State prisons, and that they be empowered to send for persons and books as may be necessary to carry out their purpose, and that they be permitted to incur such expenses as are absolutely necessary.

By Senator Belshaw:

SAN FRANCISCO, CAL., February 18, 1903.

MR. C. M. BELSHAW, *Capitol, Sacramento*:

DEAR SIR: We, the members of the Woman's Christian Temperance Union of San Francisco, desire to enter our protest against the brutal and cruel so-called sport of coursing. We indorse your action in introducing bills in the Legislature which, if enacted into laws, will put a stop to coursing in inclosed parks. We earnestly pray that such a law be passed. Coursing as now conducted is demoralizing to the community. Wives, mothers, and children are the ultimate sufferers on account of the gambling feature. By unanimous vote of the Woman's Christian Temperance Union, it was decided to forward this protest to the Legislature, replying to your interest in furthering the moral welfare of the State.

(Signed:)

MRS. BRADLEY, County President.

MRS. MCCOY, Pres. of the Central Union.

MRS. A. E. NORTON, Superintendent.

A PROTEST AGAINST THE PASSAGE OF SENATE BILL NO. 354.

MILLS BUILDING, SAN FRANCISCO, February 9, 1903.

To the Honorable Senate and Assembly of the State of California:

GENTLEMEN: We respectfully represent to your honorable bodies that the effect of the enactment into law of the provisions of Senate Bill No. 354, now pending before you, or similar provisions in any other bill, would be to paralyze the manufacturing industries of California and many of the producing industries depending upon them, for the reasons below stated.

The effect of this bill, if passed, will be to require that every article manufactured in this State shall be conspicuously labeled and stamped with the name and address of the manufacturer, and in towns and cities with his street and number, and to prohibit all dealers and other persons from selling or exposing for sale any articles made in this State unless so labeled, etc., under penalty, both in the case of the manufacturer and of the dealer, of conviction and punishment for misdemeanor.

Under the proposed Act, every one of the millions of cans, bottles, and other containers of fruits and other products made in this State would have to be stamped as specified. Likewise the ordinary labels covering these containers, as well as the boxes in which they are packed. Many parts of a battleship, of machinery, wagons, and other articles made here in part would have to carry the prescribed name and address. The requirement would apply to every brick made in the State and to other articles of clay, and even to a spool of thread, selling for one cent. The cost of compliance would in many cases be

prohibitive of manufacture, and in other cases burdensome and oppressive, and the value of many thousands of dollars' worth of labels, already prepared for use in the ordinary course of business and now on hand with our manufacturers, would be destroyed upon the passage of the bill.

The cause of this protest is that the provisions of this measure are utterly impracticable in character, opposed to fixed conditions of trade, and that they grossly discriminate against the manufactures of this State and in favor of articles made elsewhere and brought into this State, because the requirements of the bill do not and can not apply to articles made outside of this State. Should this bill specifically recite that no article made elsewhere and brought into this State shall be required to be so labeled, etc., and that no person selling it shall be punished, but that all articles made in our own State shall be so labeled and that any person making or selling anything made in this State not so labeled shall be fined and imprisoned, it would more clearly define the practical working of this measure, which seeks to brand the manufacturers of our State as criminals for doing what every manufacturer outside of the State is permitted to do and can not be prevented from doing.

The established conditions of trade imperatively require the manufacturer here and elsewhere to put up goods in many instances under the brand and label of the jobber or merchant. Refusal on the part of manufacturers of this State to comply with this demand of the jobber would inevitably send him to the manufacturers of States whose laws seek to build up their industries instead of to destroy them. One third of the market of many of our manufacturers would be lost in this manner alone through this measure, and the producers of fruits, vegetables and other products, as well as the manufacturer, would be irreparably injured.

We further respectfully represent to your honorable bodies that no part of this opposition to said bill relates to the purpose of the measure to distinguish between the products of white and of Chinese labor, and that, while it is possible that the originators of this measure conceived that they were working to a laudable end, no more sweeping blow, disastrous in its effects, could be struck at our industries than this proposed law.

We therefore most emphatically protest against the passage of Senate Bill No. 354, and of any other bill containing similar provisions.

Respectfully,

MANUFACTURERS AND PRODUCERS' ASSOCIATION OF CALIFORNIA.

(Signed:) A. SBARBORO, President.

CHARLES E. BANCROFT, Secretary.

PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Senator Ralston:

We, the undersigned, representing the mines set opposite our respective names, respectfully protest against the passage of Senate Bills Nos. 304 and 314 and Assembly Bills Nos. 114 and 693, relating to employer and employé.

The relations now existing between employer and employé in all of the mining sections of this State are most amicable. The highest wage is being paid to all mining employes consistent with the output of the mines and the grade of ore. All necessary precautions are being taken to secure safety to the men while at work, and we deem it inadvisable and inexpedient to make any changes in the law, regarding time of labor or the liability of employers. A change will result in loss and trouble, and cannot be of benefit to either employers or employes.

The miners of this district are paid \$3 for ten hours' time, from which must be deducted time for meals and time consumed in going to and coming from work in the

mine. There is no complaint as to pay and time, the schedule having been adopted by a miners' union. Any change in time would necessarily raise the question of wages.

Nearly every man in the mines would become a vice-principal, and the company would therefore become liable for his acts. This is contrary to the old established law, and would be detrimental and unfair to every person who carried on work.

We suggest that if Senate Bill No. 214, which provides for an inspector of mines, be passed, it be amended so that the inspector would be a mining engineer of experience in mining in all its branches, capable of judging of the safety of all parts of a mine, and that he be paid a salary of not less than \$5,000 per year.

(Signed :) James D. Hague, president, representing North Star Mines Company; A. D. Foote, superintendent, representing North Star Mines Company; Theo. H. Wilhelm, president Pennsylvania M. Co.; Geo. W. Starr, per H., representing the Empire Mines; Robert Walker, superintendent Gold Hill M. Co.; C. B. Lakenan, superintendent Coe Quartz Mine Co.; H. G. A. Brunnier, superintendent Conlon Gold Mining Co.

By Senator Wolfe:

To Honorable Chairman of the San Francisco Delegation of the Senate in the Legislature, now assembled at Sacramento, Cal.:

WHEREAS, We, the Board of Education of the City and County of San Francisco, duly recognize the eminent, important, and no less patriotic services rendered the State of California by Prof. J. C. Pelton in the cause of public education in the pioneer days of California's history, in which cause he volunteered both time and money, the zeal and strength of a vigorous young manhood, and at great sacrifice of the golden opportunities for the acquisition of wealth in those days;

Resolved, That it is the sentiment of this board, that the good and noble people of California, without distinction of class or party, will not only sanction the Act, but will rejoice to see the Legislature of California generously reward the pioneer services and repay the said J. C. Pelton at least sufficiently to relieve him from the present hard struggle for the procurement of a precarious and beggarly existence, amid the multiplying infirmities and disabilities of old age; and

Resolved, That the secretary of this board be instructed to inclose a copy of the foregoing to his Excellency the Governor of California, the honorable President of the Senate, the honorable Speaker of the Assembly, and the chairman of the San Francisco Delegation in each house of the Legislature now assembled at Sacramento.

The foregoing resolutions were adopted at a meeting of the Board of Education held February 18, 1903.

SENATE BILL No. 304.

An Act to amend an Act entitled "An Act to establish a Civil Code," approved March 21, 1872, relating to the obligations of employers.

The people of the State of California, represented in Senate and Assembly, do enact as follows:
SECTION 1. Section 1970 of the Civil Code of the State of California is hereby amended so as to read as follows:

Section 1970. An employer is not bound to indemnify his employé for losses suffered by the latter in consequence of the ordinary risks of the business in which he is employed, nor in consequence of the negligence of another person employed by the same employer in the same general business, unless in the course of the employer's business such other person has the power of ordering or directing such employé in the performance of his work, or unless the employer has neglected to use ordinary care in the selection of the culpable employé.

SEC. 2. This Act shall take effect immediately.

Read third time on a previous day.

Senator Lukens moved to refer to Senator Hubbell, as a special committee of one, to amend as follows:

By striking out of section one, in line nine et seq., the words "in the course of the employer's business." etc., down to and including the words "performance of his work" in line eleven of said section, and inserting the following: "the negligence causing the injury was committed in the performance of a duty the employer owes to the employé."

Senator Belshaw moved as an amendment offered by Senator Lukens to refer to Senator Hubbell as a special committee of one, to amend as follows:

By striking out of section one, line ten, the words "has the power of ordering or directing," and inserting the following: "is acting in the capacity of superintendent or foreman over."

PROPOSED AMENDMENT TO SENATE BILL NO. 304.

Amend by striking out all of section one, and inserting in lieu thereof the following: Section 1970. An employer is not bound to indemnify his employé for losses suffered by the latter in consequence of the ordinary risks of the business in which he is employed, nor in consequence of the negligence of another person employed by the same employer in the same general business unless such other person is a vice-principal of the employer. A vice-principal is one whom the employer selects to perform for him any of the following duties: The furnishing of a reasonably safe place for doing the work, reasonably safe tools and appliances for the accomplishment of the work, the exercise of proper diligence in the employment of reasonably safe and competent men, or the adoption and promulgation of safe and proper rules for the conduct of the business. The fact that one employé is superior in authority to another does not have the effect of changing his relation as a fellow employé, where he is not a vice-principal. The mere fact that the function of one is to exercise supervision and control over some work undertaken by the employer which requires supervision and over subordinate employés engaged in that work, and where the other is not vested by the employer with any such power of direction or management does not constitute such supervising employé a vice-principal. In order to constitute a superior employé a vice-principal, he must be one who is clothed with the control and management of a distinct department, and not a mere separate piece of work in one of the branches of service in departments. When the business of the employer is of such great and diversified extent that it naturally and necessarily separates itself into departments of service, the individuals placed by the employer in charge of these separate branches and departments of service, and given entire and absolute control therein, are vice-principals. The negligence of the vice-principal must be the proximate cause of the injury, and the injured employé must be free from negligence. The employer is also bound to indemnify the injured employé if the former has neglected to use ordinary care in the selection of the culpable employé.

Amend by striking out all of section one, and inserting in lieu thereof the following: Section 1970. An employer is not bound to indemnify his employé for losses suffered by the latter in consequence of the ordinary risks of the business in which he is employed, nor in consequence of the negligence of another person employed by the same employer in the same general business unless such other person is a vice-principal of the employer. A vice-principal is one whom the employer selects to perform for him any of the following duties: The furnishing of a reasonably safe place for doing the work, reasonably safe tools and appliances for the accomplishment of the work, the exercise of proper diligence in the employment of reasonably safe and competent men, or the adoption and promulgation of safe and proper rules for the conduct of the business. The fact that one employé is superior in authority to another does not have the effect of changing his relation as a fellow-employé, where he is not a vice-principal. The mere fact that the function of one is to exercise supervision and control over some work undertaken by the employer which requires supervision and over subordinate employé engaged in that work, and where the other is not vested by the employer with any such power of direction or management, does not constitute such supervising employé a vice-principal. In order to constitute a superior employé a vice-principal, he must be one who is clothed with the control and management of a distinct department and not a mere separate piece of work in one of the branches of service in departments. When the business of the employer is of such great and diversified extent that it naturally and necessarily separates itself into departments of service, the individuals placed by the employer in charge of these separate branches and departments of service, and given entire and absolute control therein, are vice-principals. The negligence of the vice-principal must be the proximate cause of the injury, and the injured employé must be free from negligence, the employer is also bound to indemnify the injured employé if the former has neglected to use ordinary care in the selection of the culpable employé.

The question being on the motion to amend the instructions.

The ayes and noes were demanded by Senators Leavitt, Lardner, and Emmons.

Senator Selvage moved to amend the instructions as follows:

Amend by striking out of section one, line eight, page one, after the words "in the," the words "same general business unless in the course of the employer's business such other person has the power of ordering or directing said injured employé, in the performance of his work, or" and in lieu thereof insert the following: "in the particular branch of the business in which he is employed."

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 23, 1903. }

To the Senate of the State of California:

I have the honor herewith to transmit for your information a copy of a dispatch which has been received from Surgeon-General Wyman of the Public Health and Marine Hospital Service of the United States Government.

As you will observe, this dispatch shows that the United States authorities believe the health conditions in San Francisco are now satisfactory, and they have proceeded to communicate a knowledge of the actual situation to the governments of countries which, under a misapprehension, had established quarantines against ships sailing from that port.

The showing thus made is one which the people of California can regard with considerable satisfaction, and I believe that the policy of co-operation between the Federal, State, and Municipal governments is being justified by results.

GEORGE C. PARDEE,
Governor of California.

COPY OF DISPATCH FROM SURGEON-GENERAL.

WASHINGTON, D. C., February 22, 1903.

GOVERNOR PARDEE, *Sacramento, Cal.*:

Replying to inquiry, I have to say that no case of plague has been discovered in San Francisco since December 11th, nearly two months and a half ago, and then only one case. Official reports show that the National, State, and City authorities are now working in thorough harmony under the leadership of the Federal officers; that searching inspections are being made daily in Chinatown, and proper sanitary measures are being rigidly enforced, including radical measures for the destruction of rats. Bacteriological examinations of captured rats are being made daily, and the last infected rat was found on December 8th, since which time bacteriological examinations have been made of three hundred and twenty-four dead rats and none found infected.

The State Department was requested last week to notify the Governments of Mexico and Ecuador of the satisfactory conditions now prevailing, and which have prevailed for some time at San Francisco, and doubtless this has been done, and the above facts have been moreover communicated to the International Union of American Republics.

WALTER WYMAN,

Surgeon-General U. S. Public Health and Marine Hospital Service.

GRASS VALLEY, CAL., February 23, 1903.

To MR. ALDEN ANDERSON, *President Senate, California*:

DEAR SIR: I am instructed to inform you that this union unanimously indorsed the bill introduced by Mr. Murphy of San Francisco, known as the "eight-hour bill." This bill, in our estimation, being proper and just, as the conditions of mining at this time are bad, as so much powder is used, and the air is nearly all compressed, therefore the life of a miner is a short one as he has to labor against all the above conditions, including danger in underground work of all kinds. I remain,

Respectfully yours,

T. R. EDWARDS, Recording Secretary.

Grass Valley Miners' Union, No. 90.

GRASS VALLEY, CAL., February 23, 1903.

To MR. ALDEN ANDERSON, *President Senate of California*:

DEAR SIR: I am instructed by this Union to inform you that at our last regular meeting this Union voted unanimously to indorse the bills termed the liability bills, relating to the rights of employes, Nos. 304 and 314, by Senators Luchsinger and Lukens, respectively.

Hoping you will give this important matter your earnest consideration. The bills extending to us as workmen some protection in case of carelessness of employers are proper and just, and are heartily indorsed by members of this Union. I remain,

Yours respectfully,

T. R. EDWARDS, Recording Secretary.

Grass Valley Miners' Union, No. 90.

Amend section one, line three, by striking out all after the figures "1972" and inserting in lieu thereof the following: "An employer is bound to indemnify his employé for losses suffered by the latter in consequence of the negligence of a vice-principal of the employer. A vice-principal is one who the employer selects to perform for him any of the following duties: The furnishing of a reasonably safe place for doing the work, reasonably safe tools and appliances for the accomplishment of the work, the exercise of proper diligence in the employment of reasonably safe and competent men, or the adoption and promulgation of safe and proper rules for the conduct of the business. The fact that one employé is superior in authority to another does not have the effect of changing his relation as a fellow employé, where he is not a vice-principal. The mere fact that the function of one is to exercise supervision and control over some work undertaken by the employer which requires supervision and over subordinate employés engaged in that work, and where the other is not vested by the employer with any such power of direction or management, does not constitute such supervising employé a vice-principal. In order to constitute a superior employé a vice-principal, he must be one who is clothed with the control and management of a distinct department, and not a mere separate piece of work in one of the branches of service in departments. When the business of the employer is of such great and diversified extent that it naturally and necessarily separates itself into departments of service, the individuals placed by the employer in charge of these separate branches and departments of business and given entire and absolute control therein, are vice-principals. The negligence of the vice-principal must be the proximate cause of the injury, and the injured employé must be free from negligence, the employer is not bound to indemnify his employé for losses suffered by the latter in consequence of the negligence of a fellow servant who is not a vice-principal as defined in this section. The employer is also bound to indemnify the injured employé if the former has neglected to use ordinary care in the selection of a capable employé."

Amend section two by striking out all after the figure "2" in line one, and in lieu thereof inserting: "All Acts or parts of Acts in conflict with this Act are hereby repealed."

BARBERS, ATTENTION!

At the present time there are before the Legislature bills in which your interests are at stake. Letters are coming from all parts of the State asking the barbers' organizations of the City of San Francisco to oppose the measures submitted by the State Board of Barber Examiners to the Senate.

The Master Barbers' Association and the Barbers' Protective Union of San Francisco have rallied to the call, and submit to you the following objections to these bills: If these bills are allowed to pass, any member of the State Board of Barber Examiners may come into your place of business, and, on the slightest pretense, declare it unsanitary, and, if they choose, close up your business for ninety days; and please remember that if once you are closed, ninety days must elapse before you can apply for a renewal of your license. Will you stand idly by and submit to this? In the second place, with the passage of this bill the Board of Examiners is made self-sustaining, which fact enables them to raise the price of your license according to their requirements; and remember that they have used over ten thousand dollars since the beginning of their present term. Under new conditions, then, you cannot be sure whether your license for the year will be one dollar or twenty. Why should you be required to renew before the first of January of each year a license to practice the trade of barbering when you have already by your ability and practice thereof procured a diploma entitling you to practice the craft? Does any other class of mechanics have to do so? Is it not a fact that this is class legislation, and in direct conflict to the Constitution of the State?

Inclosed with this circular, which we hope you will retain, you will find a petition, which we wish you, in the interests of the craft, to sign, and send on to Sacramento to your Assemblyman and Senator, asking them to guard your interests by doing all in their power, and voting against any and all bills before the Legislature regulating the practice of barbering in the State of California.

Yours respectfully,

WALTER J. YARROW,

Sec'y of Joint Committee, Master Barbers' Association
and Barbers' Protective Union, of San Francisco.

215 O'Farrell Street, San Francisco, Cal.

ASSEMBLY JOINT RESOLUTION No. 14.

Memorializing our Senators and Representatives in Congress to secure a reconsideration of the order of the Federal authorities transferring the Spanish archives from San Francisco to Washington, and to secure, if possible, the transfer of said archives to the State of California.

WHEREAS, The Secretary of the Interior, through the U. S. Land Commissioner at Washington, has directed the U. S. Surveyor-General at San Francisco to transfer the "Spanish archives" from San Francisco to Washington; and

WHEREAS, These archives embrace the records of the Spanish land grants which form the basis of most of the California land titles, military reports, records of early missions, proceedings of the alcalde courts, and a vast number of valuable manuscripts bearing upon the government and the people of early California under Spanish and Mexican rule, dating back to 1769, and are now, and have been long, an element in important litigation in California; and

WHEREAS, Congress by the Act of May 18, 1858, recognized the local importance of the archives by placing the books and manuscripts in charge of the Federal office for the District of California; and

WHEREAS, By reason of the importance of these books and documents in relation to the land titles of the State of California; by reason of the hardship that will result in many land matters in causing litigants and attorneys to go to Washington; and by reason of their peculiar historical and literary value, it is inexpedient and unwise to have the same transferred as contemplated; be it

Resolved, That the Legislature of California request the authorities at Washington to reconsider their action in ordering the transfer of the Spanish archives from San Francisco to Washington, and further requests the Senators and Representatives in Congress from California to use their best endeavors to secure such reconsideration.

Resolved further, That we urge said Senators and Representatives to secure an actual transfer of said Spanish archives from the National Government to the State of California, to the end that the same may be deposited in either the State Library at Sacramento or in the library of the University of California at Berkeley, and thus retain their proper relation to the State of California.

CONSIDERATION OF SPECIAL ORDER POSTPONED.

The consideration of report of special committee appointed to visit the State prisons having been made a special order for this hour, the same was, on motion of Senator Nelson, postponed until Thursday, February 26, 1903, at three o'clock and thirty minutes P. M., and made a special order for that date and hour.

CONSIDERATION OF SPECIAL ORDER.

The consideration of Senate Bill No. 314 having been made a special order for this hour.

Senate Bill No. 314—An Act to amend an Act entitled "An Act to establish a Civil Code," approved March 21, 1872, by adding thereto two new sections, to be numbered 1972 and 1973, relating to the rights of employés.

Read third time on a previous day, with the following amendment pending:

Senator Devlin moved to refer to Senator Belshaw, as a special committee of one, to amend as follows:

Amend section one, line three, by striking out all after the figures "1972" and inserting in lieu thereof the following: "An employer is bound to indemnify his employé for losses suffered by the latter in consequence of the negligence of a vice-principal of the employer. A vice-principal is one who the employer selects to perform for him any of the following duties: The furnishing of a reasonably safe place for doing the work, reasonably safe tools and appliances for the accomplishment of the work, the exercise of proper diligence in the employment of reasonably safe and competent men, or the adoption and promulgation of safe and proper rules for the conduct of the business. The fact that one employé is superior in authority to another does not have the effect of changing his relation as a fellow employé, where he is not a vice-principal. The mere fact that the function of one is to exercise supervision and control over some work undertaken by the employer which requires supervision and over subordinate employés engaged in that work, and where the other is not vested by the employer with any such power of direction or management, does not constitute such supervising employé a vice-principal. In order to constitute a superior employé a vice-principal, he must be one who is clothed with the control and management of a distinct department and not a mere separate piece of work in one of the branches of service in departments. When the business of the employer is of such great and diversified extent that it naturally and necessarily separates itself into departments of service, the individual placed by the employer in charge of these separate branches and departments of business and given entire and absolute control therein are vice-principals. The negligence of the vice-principal must be the proximate cause of the injury, and the injured employé must be free from negligence; the employer is not bound to indemnify his employé for losses suffered by the latter in consequence of the negligence of a fellow servant who is not a vice-principal as defined in this section. The employer is also bound to indemnify the injured employé if the former has neglected to use ordinary care in the selection of a capable employé."

Amend section two by striking out all after the figure "2" in line one, and in lieu thereof inserting: "All Acts or parts of Acts in conflict with this Act are hereby repealed."

Having been set as a special order for this hour, Senator Lukens moved that Senate Bill No. 314 be referred to Committee on Judiciary. Motion carried.

ON IRRIGATION.

SENATE CHAMBER, SACRAMENTO, February 25, 1903.

MR. PRESIDENT: Your Committee on Irrigation, to whom was referred Senate Bill No. 351—An Act to declare the ownership of and provide for and regulate the diversion, distribution, and use of waters of flowing streams in this State, and the abandonment and forfeiture of such rights, defining and limiting riparian rights, limiting the right to injunction to prevent the beneficial use of water, providing for the acquisition of rights of way for canals, ditches, and pipe lines, providing penalties for violation of this Act, and the unlawful diversion or use of water, establishing a State Board of Engineers, abolishing the offices of Commissioner of Public Works and Auditing Board to the Commissioner of Public Works, and transferring the powers and duties of the Commissioner of Public Works and Auditing Board to the Commissioner of Public Works, and fixing their compensation, providing for the fixing of rates and compensation for the use of water sold, rented, or distributed to the public in this State other than in any city, county, or town therein, and the procedure therefor, compelling persons, corporations, and companies supplying water to keep their plants and systems in repair and requiring annual reports from them to said board of engineers, providing for the appointment and compensation of deputies and assistants to said board of engineers, limiting the expenses of such board and its deputies and assistants, and providing for the payment thereof, requiring such board of engineers to ascertain, determine, and make record of the flow of streams, and make gaugings thereof, and to ascertain and report the quantity of riparian lands on each stream, the amount of water used and needed for the irrigation thereof, and the appropriations of water upon each of the streams, the amount thereof, and when each was made, and to make and file maps and reports showing such riparian lands, use of water thereon, and such appropriations, and fixing and defining the unit of measurement of water, fixing the rules and rights of priority in the use of water, authorizing the State to take over and acquire title to water rights and water works, subjecting the appropriation of water to Acts of Congress, providing for storage of flood waters, in certain cases, fixing the place of residence of the chief engineer of said board of engineers and of the office of said board, and the times of its regular meetings, and repealing Title VIII of the Civil Code of this State, Sections 1410 to 1421, inclusive, and the Act of the Legislature of this State, approved March 12, 1885, entitled "An Act to regulate and control the sale, rental, and distribution of appropriated water of this State other than in any city, county, or town therein, and to secure the rights of way for the conveyance of such water to places of use," and an Act of the Legislature of this State, approved March 23, 1901, entitled "An Act fixing and defining a miner's inch of water," and all other laws and parts of laws in conflict with this Act—beg leave to report that they have given the same careful consideration; that every opportunity was given both the advocates and opponents of this measure to discuss the same before your committee.

The irrigation law proposed is so far-reaching in its consequences and so momentous to the interests of the people of the State of California that your committee considered that its report should embrace some of the reasons for reporting adversely to the bill.

Memorials have been received by the committee in opposition to the measure from the Los Angeles Chamber of Commerce; Southern California Fruit Exchange, repre-

senting 4,000 fruit-growers: Santa Ana Chamber of Commerce, representing 2,000 irrigators; Alta Irrigation District, the Hanford Chamber of Commerce, the Municipal League of San Francisco, the mass meeting held in Riverside on December 25th, and the mass meeting held at San Francisco on February 8, 1903. Petitions and remonstrances against the bill were received from twenty different districts in the State of California, embracing every part of the State. Said petitions numbered several thousand names and purported to represent 36,764 acres of irrigated land. These petitions make it manifest that the measure does not meet with popular approval. Your committee considered the bill to be revolutionary in character, inasmuch as it destroys the local self-control over the water supplies of the different hydrographic basins, and places said control in the hands of a State Board of Engineers, with the avowed purpose of readjusting the right to the use of all water in the streams of the State.

The State Board of Engineers under the terms of the bill are endowed with judicial as well as administrative powers; to them is given the right to determine the amount of water which each irrigator is entitled to and deprive them of what the board might, in its own opinion, deem surplus water, thus interfering with what the irrigators of this State now consider to be their vested rights. The result of such adjudication by the Board of Engineers would inevitably precipitate a vast amount of litigation upon our courts, entailing enormous expenditure to our citizens.

The powers of the Board of Engineers in determining such rights is not sufficiently judicial in character to grant a full and free hearing of every water right which they would under the terms of this bill declare its "use." Your committee does not believe that the State of California can construct reservoirs, as the enormous expense would be too great a drain on our State treasury. Furthermore, the right of eminent domain sought to be evoked by this bill is not surrounded by the proper safeguards as to methods, should the Legislature of this State deem such construction wise to be undertaken at this time. The National Government has set aside funds from the sale of arid lands for the construction of reservoirs, and it is not wise for the State of California to undertake such a mighty project.

The conditions existing in this State are so different, on account of its immense area and different climatic conditions, that a general law cannot escape working great hardship on one portion of the State in attempting to build up another.

It is the belief of some members of your committee that a constitutional amendment which would permit of special legislation suited to different localities should be voted by the people, and the expense of carrying out legislation which would benefit the land owners among those different districts should be borne by the districts to be benefited, and that in some way, if such a scheme should be adopted, the money advanced by the State or by the particular district should constitute a revolving fund, and should not, as under the terms of this bill, be a direct gift to the particular property interests benefited by the State construction of reservoirs. Legislation on this subject should be proceeded with slowly, to the end that the State of California may receive the greatest benefit by means of laws passed.

Nothing could be clearer to your committee than that the legislation now proposed would imperil existing rights and defeat further progress in irrigation development for years to come. Other reasons might be given by your committee, but, after a careful consideration, we respectfully report Senate Bill No. 351 back, with the recommendation that it do not pass.

CALDWELL, Chairman.

On motion of Senator Caldwell, the report of the Committee on Irrigation was ordered printed in the Journal, and 500 extra copies of the report to be printed for distribution.

REPORTS OF SPECIAL COMMITTEE ON CONTESTED ELECTION.

MAJORITY REPORT.

SENATE CHAMBER, SACRAMENTO, February 25, 1903.

MR. PRESIDENT: Your special committee on contested election case of William J. Kenney vs. Frank French for a seat in this Senate, beg leave to report that we have had the same under consideration; that we have duly considered the evidence presented by the contestant and contestee, and the briefs submitted by the contestant and contestee as represented by counsel, also, as the abstract of statement of the vote polled in the Twentieth Senatorial District of the State of California, so far as the same relates to the votes given for persons for the office of State Senator in and for the Twentieth Senatorial District, as furnished by the Secretary of State, shows upon its face that said Frank French received a plurality of the votes cast at the last general election for said office, therefore, your committee beg leave to recommend the adoption of the following resolution:

Resolved, That Frank French be and he is hereby declared to be entitled to retain his seat and to retain the office of State Senator in and for the Twentieth Senatorial District of the State of California.

Kenney, the contestee in this case, is entitled to the seat and the office now held by Senator Frank French, and I ask that the following resolution be adopted in place and stead of the resolution suggested by the majority report:

OPINION OF THE ATTORNEY-GENERAL RELATIVE TO SIGNATURE OF ACTING PRESIDENT ON ENROLLED BILLS.

The following opinion from the Attorney-General, addressed to the Secretary, was ordered printed in the Journal:

SACRAMENTO, CAL., February 27, 1903.

HON. F. J. BRANDON, *Secretary of Senate, Sacramento, California*:

DEAR SIR: I have the honor to acknowledge receipt of yours of the 26th instant, as follows:

"The Senate, for to-morrow, will meet without either the Lieutenant-Governor, Alden Anderson, or Speaker pro tem., Thomas Flint, as a presiding officer. By resolution, this day adopted, Hon. C. W. Pendleton, State Senator of Los Angeles County, has been named as acting President pro tem. during the absence of the two aforesaid officials.

"Query: In the event of enrolled bills being submitted to the several officials of the Senate and Assembly (namely, Speaker of the Assembly, Chief Clerk of the Assembly, President of the Senate, Secretary of the Senate) for their signatures, would it be valid and legal for Senator Pendleton to sign any enrolled bills presented, as acting President of the Senate, and if such bills are signed by him in such official capacity, would they be legal and valid?

"An immediate reply to this question will greatly oblige the members of the Senate."

In reply, permit me to say that I find in the rules of the Senate for the Thirty-fifth Session, no requirement that enrolled bills be signed by the presiding officer of that body. Rule 55 adopts Cushing's Law and Practice of Legislative Assemblies, in all cases not provided for in the rules, but that author does not make it clear how enrolled bills shall be authenticated.

It is not required by either the Constitution or the statutes of this State, that enrolled bills receive the signature of the presiding officer of the Senate, and in the absence of a

Senate rule on this subject, I think it is clear that the validity of an Act which has passed both houses with the requisite vote in each, and received the approval of the Governor, could not be questioned on the ground that it had not received the signature of the President or President pro tem. of the Senate.

Assuming, then, the absence of the President and President pro tem. of the Senate, I am of the opinion that the signing of enrolled bills by Senator Pendleton, while acting in the capacity of presiding officer of the Senate, will not invalidate them.

Very respectfully,

U. S. WEBB, Attorney-General.

RESOLUTION.

The following resolution was offered by Senator Ralston:

Resolved, That Section 2 of Article IV of the Constitution, and the provision of that section requiring that no bill shall be introduced in either house after the fiftieth day of the session, without the consent of two thirds of the members thereof, be complied with, and that Senator Ralston and Senator Oneal be and are hereby permitted to introduce a concurrent resolution, to be numbered 16, and bills to be numbered 904 and 905.

MESSAGE FROM THE GOVERNOR.

On motion of Senator Ralston, the following message from the Governor was taken up and read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 27, 1903.

To the Senate of the State of California:

I have the honor to respectfully return to your honorable body, without my approval, Senate Bill No. 188, with my reasons therefor, as follows:

The pensioning of civil employes, which was until a few years since unknown to the laws of this and most other States of the Union, is a policy which should be entered upon circumspectly and only after due consideration of all the possibilities involved. Experience has shown that pension laws are so liable to abuse that they need to be very carefully framed in order to restrict their benefits to the deserving persons for whose protection they are designed. This is none the less true or important because members of fire departments, who are often called upon to risk their lives in the discharge of duty, have many claims upon our consideration.

Section 2 of the present bill amends Section 4 of the Act of 1901, which provided for disability pensions, in at least two important particulars. Under the present law, it is discretionary with the pension trustees to retire, under certain conditions, a member of a department and pay him a monthly pension equal to one half his regular salary; the present bill would make this mandatory.

Again, while the present law gives the trustees authority to pay disability pensions by reason of bodily injury received in the discharge of duty, Senate Bill No. 188 would also allow payment of such pensions on account of "disease contracted in" the service. It is further proposed to amend Section 6 of the present law by making death from disease contracted in the service a cause for payment of pensions to a widow, to minor children, or to a dependent father or mother. Under the existing law the payment of such pensions is restricted to cases in which a fireman loses his life in the performance of duty.

The experience of the Federal Government with Civil War pensions has shown how easy it is to attribute almost any disease to causes growing out of the service, and I consider that, for the present at least, while the system of civilian pensions is still on trial, it would be unwise to amend the law in a manner which might invite abuse.

GEO. C. PARDEE,
Governor of California.

The question being, "Shall the bill become a law notwithstanding the Governor's veto?"

The roll was called, and the Governor's veto to Senate Bill No. 188 sustained by the following vote:

AYES—None.

NOES—Senators Belshaw, Byrnes, Caldwell, Coggins, Corlett, Devlin, Greenwell, Hahn, Knowland, Leavitt, Luchsinger, Lukens, Nelson, Oneal, Pendleton, Ralston, Rowell, Savage, Selvage, Ward, Williams, and Wolfe—22.

HON. ALDEN ANDERSON, *President of the Senate, California Legislature:*

DEAR SIR: I have the honor to inform you that, in pursuance of the enclosed concurrent resolution, the following joint committee has been appointed by the presiding officers of the respective branches of the Nevada State Legislature: Senators Roff, Hardin, and Brougher; Assemblymen Griffin, Cooke, Dolf, Pogue, and Syphus.

Said committee awaits the pleasure of your honorable body to fix a date and place of meeting, as early, however, as it is possible for the California Legislature to arrange, as the time within which action can be taken is limited.

Kindly have the enclosed resolution read, and, if possible, some action taken to carry out its provisions and intention.

We will appreciate it if you will advise us as to what action is taken in this matter.

Very respectfully,

C. H. MCINTOSH,
Secretary of the Senate.

Senator Ralston presented the following communication, which was ordered printed in the Journal:

MILLS BUILDING, SAN FRANCISCO, February 27, 1903.

To the Honorable Senate of the State of California:

GENTLEMEN: On behalf of the Manufacturers and Producers' Association of California, we most respectfully protest against the passage of Senate Bills Nos. 304 and 314.

Should this measure become a law, it would either tend to put the manufacturers out of business or force them to insure their employes at the expense of said employes. In either case the measure would be highly detrimental to the manufacturing interests of the State of California, seriously affecting both employer and employe.

Respectfully,

MANUFACTURERS AND PRODUCERS' ASSOCIATION OF CALIFORNIA.

A. SEABORO, President.

CHARLES E. BANCROFT, Secretary.

for the appointment of a permanent committee of the State Board of Education on school text-books; authorizing said committee, subject to approval of the State Board of Education, to revise, compile, and manufacture school text-books; prescribing the duties of said committee relating to copyrights, engravings, plates, and other matters for printing and publishing school text-books; providing a royalty fund; authorizing the payment of royalties and the hire of plates of copyright matter, and for the performance of other acts necessary to procure a meritorious, uniform series of State school text-books; granting powers, subject to the approval of the State Board of Education, to said committee to prescribe and enforce the use of such school text-books, and to adopt a list of books from which county and city and county boards of education must select books for supplementary use in the primary and grammar schools, and for district school libraries; prescribing books for use in various branches of study taught in the primary and grammar schools; providing the penalty for failure to use the State series of school text-books; authorizing such committee to appoint a secretary; prescribing the duties of such secretary and fixing his compensation; prescribing the duties of the Superintendent of Public Instruction upon the publication or revision and adoption of a book or a number of books of the State series; providing that the Superintendent of State Printing shall have supervision over the mechanical work of printing such text-books; making an appropriation, to be known as the text-book appropriation, and specifying the uses to which it may be put; directing of what funds the State school-book fund shall consist, and prescribing the use of the moneys in said fund and continuing the present law for the distribution of State school text-books—have had the same under consideration, and respectfully report the same back, and recommend that it do pass as amended.

ON EDUCATION—(MINORITY REPORT).

SENATE CHAMBER, SACRAMENTO, March 2, 1903.

MR. PRESIDENT: The undersigned, constituting a minority of your Committee on Education, recommend that Amendment No. 3 to Assembly Bill No. 37 be not adopted. Our reasons for objection are that, in our judgment, the measure would, with the amendment, be in contravention of Section 7, Article IX of the Constitution of the State of California, which confers upon the Board of Education the power to compile and cause to be compiled the school text-books. The proposed law with this amendment would take away from the State Board of Education the legitimate power to make its own selection of the committee to supervise the work. It would give rise to some question as to the constitutionality of the Act, the annulment of which might long delay the work of revising our State series of text-books. In our judgment, an arbitrary and unnecessary restriction is made upon the State Board and can in no way add to the efficacy of the law.

C. ROWELL.
J. B. CURTIN.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 28, 1903. }

To the Senate of the State of California:

I have the honor to respectfully return to your honorable body, without my approval, Senate Bill No. 59, together with my reasons therefor.

The bill provides that "the State Board of Prison Directors may retain out of any moneys coming into their hands the sum of five hundred dollars per month for each prison, to pay the contingent or other expenses thereof, but a statement thereof shall be made monthly with other accounts to the State Controller."

My judgment is that all claims for expenditures made or to be made by any State institution should pass through the regular channels, and that it would be unwise to permit, as this amendment proposes, expenditures to be made without the supervision of any authorized auditing body.

Governor of California.

INVITATION.

The President announced that he had received the following invitation, which was ordered printed in the Journal:

ST. LOUIS, MISSOURI, February 27, 1903.

To the Honorable President and Members of the Senate, Sacramento, Cal.:

GENTLEMEN: The National Good Roads Association, the Office of Public Road Inquiries U. S. Government, the Louisiana Purchase Exposition Company, the State, county and city officials, and the commercial bodies and railway organizations of the State of Missouri, have the honor to extend to you the official invitation, and we most cordially and earnestly urge you to attend in a body and take part in the deliberations of the National and International Good Roads Convention, to be held in the City of St. Louis, in the State of Missouri, Monday, Tuesday, and Wednesday, April 27, 28, and 29, 1903.

Through the tremendous increase of traffic, and the onward march of time and improvement, it has become a public necessity to lower the cost of primary transportation of all products from the farms to railroads, rivers and harbors. We therefore urge you, the honorable lawmakers of California, to attend this convention, and advise with the legislative bodies of other States in suggesting such plans as will insure progressive "public road improvement" in your State, and in the several States and Territories of the Union.

The several sessions of the National and International Good Roads Convention will be addressed by some of the most distinguished statesmen, railroad officials, and educators of this and foreign countries. The Good Roads Convention and the dedicatory services of the Louisiana Purchase Exposition Company—both events occurring the same week—and the exceedingly low rates granted by all railroads to delegates, the attendance of President Roosevelt and his Cabinet, the oration by ex-President Grover Cleveland, the promised attendance of the Governors of all States with their military

aids, the largest military parade ever witnessed in the Western States, and the assemblage of ministers plenipotentiary and foreign diplomats, mark the occasion as a most important epoch in the Nation's history.

We sincerely trust that you and the honorable Senators of California will accept this invitation.

Cordially submitted,

W. H. MOORE, President.
R. W. RICHARDSON, Secretary.

WASHINGTON, D. C., January 19, 1903.

This office is at all times ready to co-operate with other forces that are working for public road improvement, and it therefore gives me pleasure to direct your special attention to this meeting, and to urge that your State be properly represented.

Very truly yours,

MARTIN DODGE, Director.

S. A., April 27 to May 2, 1903. The chief subject demanding public attention is industrial improvements; the most important of which is "The Betterment of the Common Roads." The deliberation of the convention will comprehend discussion upon scientific methods of common road construction, including plans for providing for their cost and maintenance, together with recommendations for practical public road legislation. The nations of the world are commercially and socially interested in this important question. They will be represented in the convention.

You are urgently requested to attend.

REPORT OF SPECIAL COMMITTEE.

The following report of the special committee to investigate the State Board of Pilot Commissioners was received, and ordered printed in the Journal:

SENATE CHAMBER, SACRAMENTO, March 4, 1903.

To the President and Members of the Senate:

Your Committee on Commerce and Navigation, to which was added specially for the investigation Senator E. J. Emmons, beg leave to report as follows:

That the said committee went to San Francisco, and there on Saturday, February 14, 1903, in the chambers of the Police Commissioners of San Francisco, proceeded to take testimony relative to the charges embraced in the San Francisco Call's publication, and the resolutions under which your committee was authorized to act, and we find the following facts:

In regard to Pilot Commissioner Alexander, he testified before your committee that he received the sum of \$4,250 for and in consideration of appointing a pilot, the said appointment being within the power of the commission, and, as testified to by Captain Hall, being within the particular power of Commissioner Alexander. The said sum of \$4,250 was paid in cash by Captain Eschen, and the said Captain Eschen testified that when he received that sum of money he was instructed to pay it to Commissioner Alexander for the appointment of Pilot Tyson. This we find to be corroborated by Captain Eschen, and to the committee seems conclusive of the fact that Commissioner Alexander did receive the sum of \$4,250 for the purpose and in consideration of appointing a pilot. The testimony of Captain Eschen, and Commissioner Alexander, and others, shows that after the sum of \$4,250 was paid, the appointment of Mitchell Tyson was made.

In regard to Commissioner Pratt, Captain Hall testifies that he was acquainted with Commissioner Pratt, and that about three years ago he had a conversation with the said commissioner, the said Captain Hall attempting to secure a position as pilot through the influence of Commissioner Pratt. Captain Hall stated that in that conversation Commissioner Pratt told him that it would be necessary for him (Captain Hall) to pay the sum of \$3,000 for the position. Captain Hall further testified that the money was ready to be put up at the request of Commissioner Pratt. That Captain Hall was to get the position held theretofore by Captain Haskell. That Captain Hall went away to Coos Bay, and that in pursuance of the contract made with Commissioner Pratt, a telegram was sent him (Captain Hall) to come back to San Francisco, and everything would be all right on Monday. That Captain Hall got back on Friday before the Monday named in the telegram, and saw Commissioner Pratt, and Commissioner Pratt said it was all off.

That Commissioner Pratt stated to Captain Hall that it was Commissioner Alexander's appointment, and Commissioner Pratt further stated that \$5,000 had been offered to Commissioner Alexander for the appointment, and therefore he (Captain Hall's bid) "had been raised out of sight." The testimony further shows that Captain Hall never did receive the appointment as pilot, although fully qualified for the position.

Mr. Thomas Kirkpatrick testified that he was well acquainted with Commissioner Pratt, and that he had had a conversation with Commissioner Pratt about the time the first pilot was to be appointed under Commissioner Pratt's administration. This was within the last four years. Mr. Kirkpatrick went to Commissioner Pratt, and spoke to him in reference to the appointment of Sloane, and asked Commissioner Pratt the following question: "Now, what is it you want me to do in the way of getting my friend in as a pilot?" The answer, according to Mr. Kirkpatrick, was that it would be necessary to get up a nice petition. Mr. Kirkpatrick, further continuing his testimony, said that he (Kirkpatrick) went over the town, and worked for three days on the petition, and got up, as he stated, a very nice one. Mr. Kirkpatrick further stated that he presented the petition to Commissioner Pratt, and Commissioner Pratt "asked me who my candidate was." Mr. Kirkpatrick informed Commissioner Pratt as to who the candidate was, and the commissioner stated it would be well to bring the candidate around, and introduce him to the Pilot Commissioners. Mr. Kirkpatrick followed out the suggestion, and introduced Captain Sloane to Commissioner Pratt and Commissioner Alexander, and they had a talk in regard to the appointment.

Mr. Kirkpatrick's testimony further shows that about one day before the Pilot Commissioners were to meet and appoint a pilot, Commissioner Pratt came into the store of Mr. Kirkpatrick and called Mr. Kirkpatrick upstairs, and Commissioner Pratt said, "Well, we will have our meeting to-morrow," and in answer Mr. Kirkpatrick said, "Now, you understand the situation; you have got that petition; you have seen the captain—Captain Sloane. Now, is everything going to be all right?" Commissioner Pratt replied, "No, it will require a little money." Kirkpatrick said, "The man has no money," and Commissioner Pratt said, "Well, I cannot help it." Commissioner Pratt further stated to Mr. Kirkpatrick that \$3,000 would be required. The testimony of Kirkpatrick then shows that he made arrangements to borrow this amount of money, and went to Dan T. Cole, the Coiner of the Mint, and stated to Mr. Cole the reasons for his request and the contract he had made with Commissioner Pratt. Mr. Kirkpatrick further testified that, "At the time that I made this agreement with Commissioner Pratt in regard to the appointment of my friend, Captain Sloane, and was informed by him that it would take \$3,000, I knew my friend did not have the money, and I went to Dan T. Cole and told him about the matter, and made arrangements with Mr. Cole to get the money." Mr. Cole, in relation to this matter, states that Mr. Kirkpatrick did come to him at the time named, and, to use the language of Mr. Cole, "Made arrangements with me to borrow the money. From the conversation of Kirkpatrick at that time, I understood the money was to pay Commissioner Pratt to secure the appointment of Captain Sloane as a pilot. Shortly after that Mr. Kirkpatrick told me the deal was off."

In regard to Commissioner Pratt, Captain Bennett was sworn. He said that he was a member of the firm of Goodall, Bennett & Co. He also stated he was acquainted with Commissioner Pratt, and had been for a long time; that he (Bennett) had had a conversation with Commissioner Pratt in regard to appointing a friend as a pilot. This was shortly after Commissioner Pratt was appointed Pilot Commissioner. Captain Bennett further states that he told Commissioner Pratt that he had a friend named Captain Kidston, whom he desired to have appointed as a pilot, should a vacancy occur. Captain Bennett further testified he met Commissioner Pratt, and that Commissioner Pratt told him there was to be a vacancy, and wanted to know if Captain Kidston was in town, and, to use the language of Captain Bennett, "If I (Captain Bennett) thought he (Captain Kidston) would accept the position. I told him, yes, I thought so; he was still in town, and he talked about that he had gone to some expense; certain assessments had been levied." And Captain Bennett further testified that finally he put to Commissioner Pratt the straight question whether it was a matter of dollars and cents, and what his (Commissioner Pratt's) price was.

Commissioner Pratt replied: "The tariff is \$3,500." Captain Bennett testified that he told Commissioner Pratt that he had no authority to pay out any money from Captain Kidston, that he (Captain Bennett) would see him and talk the matter over and report to him the next day. That Captain Bennett then waited on Kidston, and did talk the matter over, and that Kidston told Captain Bennett he would pay that amount. Captain Bennett, further testifying, said that on the following day he met Commissioner Pratt,

and told Commissioner Pratt that Captain Kidston had made arrangements whereby the money would be paid to any one that Commissioner Pratt would designate, as long as the custodian was satisfactory and responsible, and that Commissioner Pratt replied to Captain Bennett that \$3,500 was not enough. Commissioner Pratt then said that there was another candidate for the place who had offered \$5,000. Then Captain Bennett stated that he told Commissioner Pratt that as far as he (Captain Bennett) was concerned, he would have nothing more to do with him or his pilot; as a ship owner and a man interested in ships, he thought it was not conducive to good service to have the commissioners auction off the positions of pilots, and Captain Bennett further stated he so reported to Captain Kidston. Captain Bennett, to use his own language, said: "I was a little short in my ante."

Captain Bennett, further testifying, stated that he owned several ships, and that recently it was known among ship owners that it was necessary to trust their vessels to pilots who had obtained their positions by purchase. The ship owners, Captain Bennett stated, did not and do not approve of that practice, quoting Captain Bennett as follows: "Recently I had a conversation with Governor Pardee, and at his request, after I had made the statement to him, he requested me to put it in writing. I did put it in writing, and I sent it to the Governor." Captain Bennett stated: "The man that I vouched for for the position of pilot was a competent man. Commissioner Pratt thought so himself, and acknowledged so to me." The testimony of Captain Bennett further shows that Commissioner Pratt did not tell Captain Bennett whom the money was for. He simply said he would get the place for that amount, and that the tariff for the position was \$3,500.

This testimony shows in regard to Commissioner Pratt that he did offer to sell places as pilot by and through the office of Pilot Commissioner that he then held.

In regard to the testimony implicating Dan O'Callaghan, your committee finds that at no time or place did the said Dan O'Callaghan have any knowledge of any monetary offer being made for the purpose of obtaining a position as pilot for Captain Hall; that the evidence shows beyond a doubt that Mr. Dan O'Callaghan is a business man of high repute in the City and County of San Francisco, and his honesty and integrity have never been questioned, and are not now questioned by this committee. On the contrary, he is exonerated from all and any complicity in the matter of offering money for positions under the Pilot Commissioners.

In regard to Mr. E. C. Conroy, he was accidentally brought into this matter by reason of being the secretary of the Pilot Commission. As a matter of necessity he was examined before your committee, and told the facts as he knew them. From the testimony of Mr. E. C. Conroy, as well as of others, it shows to your committee conclusively that he had nothing to do in any manner with the barter, or sale, or appointment of pilots; that he merely recorded the proceedings of the Pilot Commissioners, and those proceedings did not disclose any knowledge on his part of any of the facts charged upon which this investigation is based. Therefore, we recommend that Mr. E. C. Conroy be completely exonerated of complicity in any manner or knowledge of any of the facts charged in the Call or resolution.

Your committee, after having heard further testimony, inquired into the matter of rebate paid to the tug-boat companies, and to that end had the secretaries of the two companies, who do the tug-boat business in San Francisco in the matter of outward-bound ships, subpoenaed.

Mr. Samuels, being sworn, testified that he was the acting secretary of the John D. Spreckels & Bros. Company, and that the tug-boat business was a part of the business of the John D. Spreckels & Bros. Company. He produced before the committee receipts showing that all rebates paid to the tug-boats that he represented, had been repaid to the ship owners of the ships upon which the pilot dues had been levied and collected by the pilots.

This testimony applies to both the John D. Spreckels & Bros. Company and the so-called Merchants' Tug-Boat Company.

The testimony further showed conclusively to the committee that these companies were organized for the express purpose of relieving the shipping and commerce of San Francisco from the then oppressive pilot fees that were charged. The members of both these companies are interested in the ships, and therefore, as a means of relief, they organized these two respective companies. We find that the rebate has been actually and honestly paid to the owners of the ships, and that the effect of the action of the two companies—the John D. Spreckels & Bros. Company and the Merchants' Tug-Boat Company—has been to relieve the shipping interests of San Francisco to the extent of about 25% of the charge permitted and actually collected by the pilots. We find that these two companies have actually been a benefit to the State, and an absolute correction of some of the excessive charges by the pilots.

In regard to Commissioner Leale, your committee finds as follows: That Commissioner Alexander testified that the money he received from Captain Eschen he divided with Commissioner Pratt and Commissioner Leale. We further find that the testimony shows that both Commissioners Pratt and Leale deny this division.

We further find that Captain Leale has been by W. A. Bissell, Assistant Traffic Manager of the Atchison, Topeka and Santa Fe Railway system, declared to have the very best reputation in regard to integrity and reliability in every way. This was contained in a letter signed by W. A. Bissell, and introduced in evidence.

Further, we find that William Sproule of the Steamship Company also testifies, in the form of a letter, to the reputation Captain Leale has for veracity. Also, by Mr. D.

D. Stubbs, Secretary of the Occidental and Oriental Steamship Company, who states that he would be glad to appear and testify on behalf of Captain Leale, and states he always found him fair and honorable, and his word beyond question.

From A. A. Pryor, Manager of the Piper-Aden-Goodall Company, we have the following language in regard to Captain Leale, quoting: "I regret exceedingly that sickness in my family prevents my personal appearance before your honorable committee that I might amplify what I have expressed herein as to the high estimate in which he (Captain Leale) is held on the water front of San Francisco. I have found him invariably acting in a strictly honorable and upright manner, and have formed the highest opinion of his integrity and sterling honesty of dealing."

From John Connor, Supervisor of the City and County of San Francisco, we have the following: "I have known Captain W. G. Leale for nearly thirty years, and know his reputation for truth and veracity to be above reproach. No honester or more honorable man ever sailed a boat, and his genial disposition endears him to all with whom he comes in contact."

Mr. Dwight Hollister testifies that he has resided in Sacramento County since 1850; that "I have known Captain W. G. Leale for over thirty years in his business on the river and at my home. I have known him among his friends and neighbors, and know the general reputation that he has borne for truth, honesty and integrity during all that time, and it was unimpeachable."

The testimony of P. J. Harney shows that he was Assistant Adjutant-General of the State of California, Assistant Cashier of the United States Treasury, Wharfinger under the Harbor Commissioners, Port Warden, and finally, member of the State Harbor Commissioners; that he has known Captain William G. Leale for twenty years as Pilot Commissioner and in the steamboat business; that he was well acquainted during that time with the friends and neighbors of Captain Leale, and was in a position to see him very often; that during that time his reputation was and is now beyond question for truth, honesty and integrity.

Mr. Gratto also was sworn, and he testified that he had resided in San Francisco for thirty-four years, and by occupation was a member of the firm of Gratto & Remis, shipwrights and builders. During that time he has known Captain Leale about twenty years, and had business relations with him many times. "During that time I have been acquainted with his friends and neighbors all around the city front; I have been around the city front the best part of my life. I know the reputation that Captain Leale has had, and now has, on the city front of San Francisco for truth, honesty and integrity. I never heard it questioned by any one during the twenty years of my acquaintance."

Captain Bennett was recalled in relation to the appointment of a pilot, in which he had reference to some conversation with Commissioner Pratt, and Captain Bennett stated that during all the negotiations that were carried on for the appointment of his friend at that time, he did not approach Captain Leale or have Captain Leale say anything to him in reference to any money being given for the position. He did not suggest or hint that money could be used in any way, shape or form. "The Captain told me that it was not his appointment, but that it belonged to Commissioner Pratt. I have known and done considerable business with Commissioner Leale. His reputation for truth, honesty and integrity in the community among the people who have had business dealings with him on the water front is the very best as far as I heard."

Miss Lovdal was called as a witness. She testified that she is now twenty years old. That she remembers a large sum of money about four years ago being on the desk in the private office of Mr. Alexander. "Seated at my desk one day in the office, Captains Leale and Pratt came into the room, where I was called in by Captain Alexander, and I was asked to change some money. There was some money on the desk. There was also paper with figures on it, and Mr. Alexander handed me some money, and asked me to get him some change. I brought back the change, and he said, 'Now, get Captain Leale a sack.' I gave him a sack, and he said, 'Hand it to Captain Leale,' and I handed it to him, and retired to resume my work in the office. I do not know whose money it was. I only got a sack for Captain Leale; I did not for Pratt or Alexander. I have gone out a great many times since and gotten change when it was necessary in the office." The witness could not remember whether it was during the month of March, April, May, June, July or August. "Very often I needed some silver, and I would take \$20 or \$5, as the case might be, and go down stairs and get change, and give it to Mr. Alexander in the private office."

Captain Leale, being recalled, testified: "I heard the testimony in regard to a coin sack being brought in by Miss Lovdal, but I do not remember the incident. If I had had that happen I would have remembered it. I did not during that time that the witness narrated, receive any money or make any figures, or see any figures made in my presence relative to the division of money between Captain Pratt, Alexander and myself. I did not take any money out of Captain Alexander's office during the months that have been named. I had no occasion to have any money dealings with him."

We further find that the principal testimony against Captain Leale is that of Alexander, who testified when he first went on the stand that he took this money as a charity fund, and kept it some time, and then divided it as a charity fund with the

other commissioners. Upon being recalled to the stand, he changed his testimony and swore that he took it for the appointment of a pilot, and then divided with the other commissioners.

SUMMARY.

Your committee exonerates O'Callaghan and Conroy.

1. Your committee exonerates Dan O'Callaghan absolutely from any complicity in any corrupt knowledge or dealings with the Pilot Commission in reference to any appointment.

2. Your committee exonerates E. C. Conroy from any knowledge or dealing with the Pilot Commissioners, or otherwise, in any of the corrupt transactions that have been brought to the attention of the committee, and assert that he is absolutely guiltless of all knowledge of the same.

3. Your committee also finds that the John D. Spreckels & Bros. Tug-Boat Company, with the Merchants' Tug-Boat Company, have been the means of partially relieving the commerce of the State of California from the oppressive burden of an excessive charge for pilotage, and that your committee feels that it would be derelict in its duty if it did not commend these two tug-boat companies for their action. We find that all moneys collected by them from the Pilot Association has been promptly paid to the owners of the ships from which it was collected, in order that the Port of San Francisco might be relieved, in the opinion of those owning foreign ships, from the criticism of unduly adding to the impost on commerce already over heavily burdened.

4. The committee now concludes its report by pointing out the fact that Commissioner Alexander, by his own confession, stands convicted of accepting a bribe.

5. That Commissioner Pratt, by the testimony of Captain Hall, Captain Bennett, Mr. Thomas Kirkpatrick, and Mr. Dan T. Cole, stands convicted of the charge of frequently attempting to sell the appointment of a pilot under the commission.

6. None of these witnesses testified in any way against Captain Leale, that he offered to sell or to barter the position of pilot, and the only testimony connecting Captain Leale with the corrupt transactions of the commissioners was that of Commissioner Alexander—a self-confessed bribe-taker—and Miss Lovdal, the private clerk and stenographer in the office of Commissioner Alexander.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 6, 1903. }

To the Senate of the State of California:

GEO. C. PARDEE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, March 6, 1903. }

To the Senate of the State of California:

I have the honor to respectfully return herewith, without my approval, Senate Bill No. 14, together with my reasons therefor.

This bill provides for the collection, by certain specified agents, of certain moneys claimed to be due the State by the United States.

Among its many provisions is one which suspends for a specified time the active participation in the work of collection of those specified as agents. But it is also provided that "No authority is given by this Act to any State officer of this State to accept in compromise from the United States Government less than the full amount claimed to be due, without the written consent of said agents."

The State of California, acting in its official capacity, is, and must be, represented by its State officers. And the proper action of the proper State officers must be the action of the State. If, therefore, the State of California, represented by its proper State officers, should conclude that its own interests would be best conserved by accepting from the United States, as payment in full, in lieu of the full amount, a portion of the amount claimed, the State of California could not do so, if this bill became a law, without the written consent of its own agents. The agents would be greater than the principal, even when the agents' powers are suspended; the individual would be greater than the State.

I do not believe that it is in line with public policy to thus tie the hands of the State in the performance of her own business, and place in the hands of any individual even the possibility of negating the wishes of the State as expressed through her proper officers.

Believing that this ground alone is sufficient to compel me to disapprove the bill, I return it without my approval.

GEO. C. PARDEE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto of Senate Bill No. 14 was sustained by the following vote:

AYES—Senators Caldwell, Diggs, Hahn, Hubbell, Lardner, Leavitt, Luchsinger, and Shortridge—8.

NOES—Senators Bauer, Bunkers, Coggins, Lukens, Nelson, Oneal, Ralston, Rowell, Sanford, Savage, Smith, Tyrrell of San Francisco, Ward, Welch, Williams, Wolfe, and Woodward—17.

GEO. C. PARDEE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1903.

To the Senate of the State of California:

I have the honor to respectfully return herewith, without my approval, Senate Bill No. 88—Appropriating \$3,046.75 to pay the claim of Marin County against the State for money spent in prosecuting criminal cases originating in the penitentiary at San Quentin, together with my reasons therefor, as follows:

It appears that the claim is made for money thus spent between the years 1857 and 1894. It also appears that a part of the claim is for money expended by Marin County in conducting inquests at the penitentiary under Sections 105, 106, and 111 of the Penal Code, adopted April 6, 1880. These sections do not provide for the collection of such fees from the State after the date of the adoption of these sections. Therefore, the sum of \$1,036 claimed as due for inquests, and made a part of the amount appropriated by this bill, is not a proper charge against the State.

Certain other claims amounting to \$204 embraced in the amount appropriated by this bill are also not proper charges against the State, they having been incurred between January 1, 1873, and April 12, 1880—see statute relating thereto, approved April 12, 1880.

For these reasons, therefore, I return the bill without my approval.

GEO. C. PARDEE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 88 sustained by the following vote:

AYES—None.

NOES—Senators Bauer, Belshaw, Bunkers, Coggins, Diggs, Emmons, French, Hahn, Hubbell, Knowland, Lardner, Leavitt, Lukens, Muentner, Nelson, Oneal, Pendleton, Ralston, Savage, Selvage, Tyrrell of San Francisco, Ward, Williams, Wolfe, and Woodward—25.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1903.

To the Senate of the State of California:

I have the honor to respectfully return herewith, without my approval, Senate Bill No. 168, together with my reasons therefor, as follows:

The bill provides, in effect, that three of the nine members of the State Board of Education may transact business. This board is composed of ex-officio members; and the duties they are called upon to perform are public duties of the utmost importance. It ought to be considered so high a duty by the members of the board to attend to its business, that every member thereof, when possible, should lay everything else aside and cheerfully and gladly perform the duties of the board. I am of the opinion that it

is not good public policy to amend the law and lower the number of members required to do the business of the State Board of Education; and I therefore return the bill without my approval.

GEO. C. PARDEE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1903. }

To the Senate of the State of California:

I have the honor to respectfully return herewith, without my approval, Senate Bill No. 349, for the reason that, in my judgment, the condition of the State treasury will not permit the payment, at this time, of claims of this class.

GEO. C. PARDEE,
Governor of the State of California.
